**PROXY STATEMENT  
FOR THE 2015 ANNUAL MEETING OF STOCKHOLDERS**

**June 3, 2015**

**INFORMATION CONCERNING SOLICITATION AND VOTING**

The Board of Directors (the “Board”) of FibroGen, Inc. (also referred to as “we,” “us,” “FibroGen,” and the “Company”) is soliciting your proxy to vote at the 2015 Annual Meeting of Stockholders (the “Annual Meeting”), including at any adjournments or postponements of the meeting. You are invited to attend the Annual Meeting to vote on the proposals described in this proxy statement. However, you do not need to attend the meeting to vote your shares. Instead, you may simply complete, sign and return the proxy card, or follow the instructions below to submit your proxy over the telephone or through the internet.

The proxy materials, including this proxy statement, proxy card or voting instruction card and our 2014 Annual Report on Form 10-K, are being distributed and made available on or about April 24, 2015. This proxy statement contains important information for you to consider when deciding how to vote on the matters brought before the meeting. Please read it carefully.

In accordance with rules and regulations adopted by the U.S. Securities and Exchange Commission (the “SEC”), we have elected to provide our stockholders access to our proxy materials over the internet. Accordingly, we intend to mail a Notice of Internet Availability of Proxy Materials (the “Notice”) on or about April 24, 2015 to most stockholders of record entitled to vote at the Annual Meeting. Stockholders will have the ability to access the proxy materials on a website referred to in the Notice or request a printed set of the proxy materials be sent to them by following the instructions in the Notice.

The Notice will also provide instructions on how you can elect to receive future proxy materials electronically or in printed form by mail. If you choose to receive future proxy materials electronically, you will receive an email next year with instructions containing a link to the proxy materials and a link to the proxy voting site. Your election to receive proxy materials electronically or in printed form by mail will remain in effect until you terminate such election.

Choosing to receive future proxy materials electronically will allow us to more rapidly provide you with the information you need, will save us the cost of printing and mailing documents to you and will conserve natural resources.

**QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND VOTING**

**Why did I receive the Notice of Internet Availability of Proxy Materials instead of a full set of proxy materials?**

We have sent a Notice to most of our stockholders of record and beneficial owners. Instructions on how to access the proxy materials over the internet or to request a paper copy may be found in the Notice. In addition, you may request to receive future proxy materials in printed form by mail or electronically. Your election to receive future proxy materials by mail or electronically will remain in effect until you terminate such election.

## **Why did I receive a full set of proxy materials instead of a Notice of Internet Availability of Proxy Materials?**

We are providing paper copies of the proxy materials to stockholders who have previously requested to receive them. If you would like to reduce the environmental impact and the costs incurred by us in mailing proxy materials, you may elect to receive all future proxy materials electronically via email or the internet. To sign up for electronic delivery, please follow the instructions provided with your proxy materials and on your proxy card or voting instruction card, to vote using the internet and, when prompted, indicate that you agree to receive or access future stockholder communications electronically. Alternatively, you can go to [www.proxyvote.com](http://www.proxyvote.com) and enroll for online delivery of Annual Meeting and proxy voting materials.

## **How do I attend the Annual Meeting?**

You must be a stockholder of record at the close of business on April 6, 2015 to vote at the Annual Meeting. The meeting will be held on Wednesday, June 3, 2015 at 11:00 a.m. local time at the InterContinental Hotel located at 888 Howard Street, San Francisco, California 94103. If you wish to attend and vote at the Annual Meeting, you must bring: (1) valid photo identification, such as a driver's license or passport; and (2) evidence of stock ownership as of the Record Date, such as an account statement, proxy card or voting information form. Additional information on who can vote and how to vote in person at the Annual Meeting is discussed below. For directions to the Annual Meeting, please contact Investor Relations at [ir@fibrogen.com](mailto:ir@fibrogen.com) or (415) 978-1200.

## **Who can vote at the Annual Meeting?**

Only stockholders of record at the close of business on April 6, 2015 will be entitled to vote at the Annual Meeting. On this record date, there were 59,267,869 shares of common stock outstanding and entitled to vote.

### *Stockholder of Record: Shares Registered in Your Name*

If on April 6, 2015 your shares were registered directly in your name with FibroGen's transfer agent, American Stock Transfer & Trust Company, LLC, then you are a stockholder of record. As a stockholder of record, you may vote in person at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to fill out and return your proxy card or vote by proxy over the telephone or on the internet as instructed below to ensure your vote is counted.

### *Beneficial Owner: Shares Registered in the Name of a Broker or Bank*

If on April 6, 2015 your shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in "street name" and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered to be the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent regarding how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other agent.

## **What am I voting on?**

There are two matters scheduled for a vote:

1. Election of our nominees, Thomas B. Neff, Miguel Madero and James A. Schoeneck, to the Board to hold office until the 2018 Annual Meeting of Stockholders; and
2. Ratification of selection by the Audit Committee of the Board of PricewaterhouseCoopers LLP as the independent registered public accounting firm of the Company for its year ending December 31, 2015.

## **What if another matter is properly brought before the meeting?**

The Board knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on those matters in accordance with their best judgment.

## **How do I vote?**

You may either vote "For" our nominees to the Board or you may "Withhold" your vote for the nominees. For each of the other matters to be voted on, you may vote "For" or "Against" or abstain from voting.

The procedures for voting are fairly simple:

### *Stockholder of Record: Shares Registered in Your Name*

If you are a stockholder of record, you may vote in person at the Annual Meeting, vote by proxy using a proxy card that you may request or that we may elect to deliver at a later time, vote by proxy over the telephone or vote by proxy through the internet. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person even if you have already voted by proxy.

- To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.
- To vote using a proxy card, simply complete, sign and date the proxy card and return it pursuant to the instructions provided. Your vote must be received by June 2, 2015 to be counted.
- To vote over the telephone, dial toll-free 1-800-690-6903 using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number from the proxy card or Notice. Your vote must be received by 11:59 p.m. EDT on June 2, 2015 to be counted.
- To vote through the internet, go to [www.proxyvote.com](http://www.proxyvote.com) to complete an electronic proxy card. You will be asked to provide the company number and control number from the proxy card. Your vote must be received by 11:59 p.m. EDT on June 2, 2015 to be counted.

### *Beneficial Owner: Shares Registered in the Name of Broker or Bank*

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a voting instruction form with these proxy materials from that organization rather than from FibroGen. Simply complete and mail the voting instruction form to ensure that your vote is counted. Alternatively, you may vote by telephone or over the internet. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent.

- To vote in person at the Annual Meeting, contact your broker, bank or other agent to obtain a valid proxy from that institution.
- To vote using the voting instruction form, simply complete, sign and date the voting instruction form and return it pursuant to the instructions provided. Your vote must be received by June 2, 2015 to be counted.
- To vote over the telephone, dial toll-free 1-800-690-6903 using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number from the voting instruction form or Notice. Your vote must be received by 11:59 p.m. EDT on June 2, 2015 to be counted.
- To vote through the internet, go to [www.proxyvote.com](http://www.proxyvote.com) to complete an electronic proxy. You will be asked to provide the company number and control number from the voting instruction form. Your vote must be received by 11:59 p.m. EDT on June 2, 2015 to be counted.

**Internet proxy voting is provided to allow you to vote your shares online, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your internet access, such as usage charges from internet access providers and telephone companies.**

**What does it mean if I receive more than one set of proxy materials?**

You should receive more than one set of proxy materials if your shares are registered under different names or held in different accounts as of the Record Date (for example, if you are both a stockholder of record and beneficial owner). Please follow the voting instructions and vote separately for each set of proxy card/materials you receive to ensure that all of your shares are voted. All of your shares may be voted at [www.proxyvote.com](http://www.proxyvote.com) regardless of which account they are registered or held in.

**How many votes do I have?**

On each matter to be voted upon, you have one vote for each share of common stock you own as of April 6, 2015.

**Who is paying for this proxy solicitation?**

We will pay for the entire cost of soliciting proxies. In addition to these proxy materials, our directors and employees may also solicit proxies in person, by telephone or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies.

**Can I vote my shares by filling out and returning the Notice?**

No. The Notice will, however, provide instructions on how to vote by internet, telephone, mail (by requesting a paper proxy card or voting instruction card), and in person at the meeting.

**Can I change my vote after submitting my proxy?**

*Stockholder of Record: Shares Registered in Your Name*

Yes. You can revoke your proxy at any time before the deadline to vote. If you are the record holder of your shares, you may revoke your proxy in any one of the following ways:

- You may submit another properly completed proxy card with a later date.
- You may grant a subsequent proxy by telephone or through the internet.
- You may send a timely written notice that you are revoking your proxy to our Secretary at 409 Illinois Street, San Francisco, California 94158.
- You may attend the Annual Meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

Your most current vote (prior to the deadline) by proxy card or telephone or internet proxy is the one that is counted.

*Beneficial Owner: Shares Registered in the Name of Broker or Bank*

Yes. You can revoke your voting instruction form at any time before the deadline to vote. If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your broker or bank. Note however, you may also revoke your proxy in any one of the following ways:

- You may grant a subsequent voting instruction by telephone or through the internet.
- You may attend the Annual Meeting and vote in person provided you request and obtain a valid proxy from your broker or other agent. Simply attending the meeting will not, by itself, revoke your voting instruction form.

Your most current vote (prior to the deadline) by voting instruction form or telephone or internet proxy is the one that is counted.

**When are stockholder proposals due for next year's annual meeting?**

Any stockholder who meets the requirements of the proxy rules under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), may submit proposals to the Board to be presented at the 2016 Annual Meeting. Such proposals must comply with the requirements of Rule 14a-8 under the Exchange Act. To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing by Saturday, December 26, 2015, to our Secretary at 409 Illinois Street, San Francisco, California 94158; *provided, however*, that if our 2016 Annual Meeting of Stockholders is held before May 4, 2016 or after July 3, 2016, then the deadline is a reasonable amount of time prior to the date we begin to print and mail our proxy statement for the 2016 Annual Meeting of Stockholders.

Our amended and restated bylaws also provide for separate notice procedures to recommend a person for nomination as a director or to propose business to be considered by stockholders at a meeting, provided that such proposal or nominee would not be included in next year's proxy materials. Such proposals must comply with the requirements, including without limitation, the separate notice procedures, of our amended and restated bylaws. If you wish to submit such a proposal or nominate a director, written notice must be received by the Secretary no later than the close of business on Friday, March 4, 2016 or earlier than the close of business on Thursday, February 4, 2016, *provided, however*, that if our 2016 Annual Meeting of Stockholders is held before May 4, 2016 or after July 3, 2016, then the proposal must be received not earlier than the close of business on the 120<sup>th</sup> day prior to such meeting and not later than the close of business on the later of the 90<sup>th</sup> day prior to such meeting or the 10<sup>th</sup> day following the day on which public announcement of the date of such meeting is first made.

**How are votes counted?**

Votes will be counted by the inspector of election appointed for the meeting, who will separately count, for the proposal to elect directors, votes "For," "Withhold" and broker non-votes; and, with respect to other proposals, votes "For" and "Against," abstentions and, if applicable, broker non-votes. Abstentions will be counted towards the vote total for each proposal, and will have the same effect as "Against" votes. Broker non-votes have no effect and will not be counted towards the vote total for any proposal.

**What if I return a proxy card or otherwise vote but do not make specific choices?**

If you return a signed and dated proxy card or otherwise vote without marking voting selections, your shares will be voted, as applicable, "For" the election of our nominees for director and "For" the ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm. If any other matter is properly presented at the meeting, your proxyholder (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

**What are “broker non-votes”?**

Broker non-votes occur when a beneficial owner of shares held in “street name” does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed “non-routine.” Generally, if shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker or nominee holding the shares. If the beneficial owner does not provide voting instructions, the broker or nominee can still vote the shares with respect to matters that are considered to be “routine,” but not with respect to “non-routine” matters. Under the rules and interpretations of NASDAQ, “non-routine” matters are matters that may substantially affect the rights or privileges of stockholders, such as mergers, stockholder proposals, elections of directors (even if not contested) and executive compensation, including the advisory stockholder votes on executive compensation and on the frequency of stockholder votes on executive compensation.

**How many votes are needed to approve each proposal?**

- For Proposal No. 1, the election of directors, the three nominees to serve as Class I directors until the 2018 Annual Meeting of Stockholders receiving the most “For” votes from the holders of shares present in person or represented by proxy and entitled to vote on the election of director will be elected. Only votes “For” or “Withheld” will affect the outcome.
- To be approved, Proposal No. 2, ratification of the selection of PricewaterhouseCoopers LLP as the Company’s independent registered public accounting firm for year ending December 31, 2015, must receive “For” votes from the holders of a majority of shares present in person or by proxy and entitled to vote. If you “Abstain” from voting, it will have the same effect as an “Against” vote. Broker non-votes will have no effect.

**What is the quorum requirement?**

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if stockholders holding at least a majority of the outstanding shares entitled to vote are present at the meeting in person or represented by proxy. On the record date, there were 59,267,869 shares of common stock outstanding and entitled to vote. Thus, the holders of 29,633,935 shares must be present in person or represented by proxy at the meeting to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, the holders of a majority of shares present at the meeting in person or represented by proxy may adjourn the meeting to another date.

**How can I find out the results of the voting at the Annual Meeting?**

Preliminary voting results will be announced at the Annual Meeting. In addition, final voting results will be published in a Current Report on Form 8-K that we expect to file within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results.

**What proxy materials are available on the internet?**

The proxy statement and Annual Report on Form 10-K are available at [www.proxyvote.com](http://www.proxyvote.com).

## **SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS**

## PROPOSAL 1

### ELECTION OF DIRECTORS

The Board is divided into three classes: Class I, Class II and Class III, with each class having a three-year term. Vacancies on the Board, unless the Board determines by resolution that any such vacancies shall be filled by stockholders, may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy in a class, including vacancies created by an increase in the number of directors, shall serve for the remainder of the full term of that class and until the director's successor is duly elected and qualified.

The Board presently has ten members. There are three directors in Class I whose term of office expires in 2015. The nominees for election to Class I, Thomas B. Neff, Miguel Madero and James A. Schoeneck, are currently directors of the Company and were previously elected by the Board. If re-elected at the Annual Meeting, the nominees would serve until the 2018 Annual Meeting of Stockholders and until their successor has been duly elected and qualified, or, if sooner, until the director's death, resignation or removal. It is the Company's policy to encourage directors and nominees for director to attend the Annual Meeting. As a private company until our initial public offering in November 2014, we did not hold an Annual Meeting of Stockholders in 2014.

Directors are elected by a plurality of the votes of the holders of shares present in person, by remote communication, if applicable, or represented by proxy and entitled to vote on the election of directors. The nominees receiving the three highest number of affirmative votes will be elected. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the nominees named below. If any nominee becomes unavailable for election as a result of an unexpected occurrence, shares that would have been voted for that nominee will instead be voted for the election of a substitute nominee proposed by the Company. Each person nominated for election has agreed to serve if elected. The Company's management has no reason to believe that any nominee will be unable to serve.

The following are brief biographies as of March 31, 2015 of the nominees and each director whose term will continue after the Annual Meeting.

**INDEPENDENCE OF THE BOARD OF DIRECTORS**

Under the listing requirements and rules of The NASDAQ Stock Market, independent directors must comprise a majority of our board of directors as a listed company within a specified period of the completion of our initial public offering. In addition, the rules of The NASDAQ Stock Market require that, subject to specified exceptions, each member of a listed company's audit, compensation, and nominating and corporate governance committees must be independent. Audit committee members must also satisfy the independence criteria set forth in Rule 10A-3 under the Exchange Act. Under the rules of The NASDAQ Stock Market, a director will only qualify as an "independent director" if, in the opinion of that company's board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

In order to be considered to be independent for purposes of Rule 10A-3 of the Exchange Act, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the audit committee, the board of directors, or any other board committee: (1) accept, directly or indirectly, any consulting, advisory, or other compensatory fee from the listed company or any of its subsidiaries; or (2) be an affiliated person of the listed company or any of its subsidiaries.

Our board of directors has undertaken a review of its composition, the composition of its committees and the independence of each director. Based upon information requested from and provided by each director concerning his background, employment and affiliations, including family relationships, our board of directors has determined that Thomas F. Kearns Jr., Kalevi Kurkijärvi, Miguel Madero, Rory. B. Riggs, Roberto Pedro Rosenkranz, Jorma Routti, James A. Schoeneck, Julian N. Stern and Toshinari Tamura, representing a majority of our directors, do not have any relationships that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is "independent" as that term is defined under the applicable rules and regulations of the SEC and the listing requirements of The NASDAQ Stock Market. Our board of directors also determined that Messrs. Riggs, Schoeneck and Stern and Dr. Kurkijärvi, who comprise our audit committee, Messrs. Schoeneck, Kearns and Stern and Drs. Rosenkranz and Routti, who comprise our compensation committee and Messrs. Kearns, Madero and Riggs and Drs. Rosenkranz and Tamura, who comprise our nominating and corporate governance committee, satisfy the independence standards for those committees established by applicable rules and regulations of the SEC and the listing requirements of The NASDAQ Stock Market. In making this determination, our board of directors considered the current and prior relationships that each non-employee director has with our company and all other facts and circumstances our board of directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director.

Thomas B. Neff, our Chairman and the Company's Chief Executive Officer, is not an independent director by virtue of his employment with the Company.

**BOARD LEADERSHIP STRUCTURE**

Our Board does not have a policy regarding the separation of the roles of the Chairman of the Board and the Chief Executive Officer and believes it is in the best interests of the Company and its stockholders to make that determination based on the position and direction of the Company and the membership of the Board. Mr. Neff currently serves as the Chief Executive Officer and Chairman of the Board. The Board believes that combining the positions of Chief Executive Officer and Chairman helps to ensure that the Board and management act with a common purpose, and allows for efficient Board meetings to address the issues and matters most critical to the Company for review by the Board. The Board believes that this structure best utilizes Mr. Neff's knowledge of the Company and the industry and also promotes effective communication between the Company's management and the Board. In addition, the Company believes that combining the positions of Chief Executive Officer and Chairman provides a single, clear chain of command to execute the Company's strategic initiatives and business

plans. However, no single leadership model is right for all companies and at all times. Accordingly, the Board may review its leadership structure in the future. The Board also believes that the composition, strength and experience of the current Board members, with nine of the ten current members qualifying as independent directors, will ensure that the Board continues to perform its duties independently as it concentrates on the most important areas of concern to the Company and evaluates the performance of the Company's executive officers, including the Chief Executive Officer.

#### **ROLE OF THE BOARD IN RISK OVERSIGHT**

One of the Board's key functions is informed oversight of the Company's risk management process. The Board does not have a standing risk management committee, but rather administers this oversight function directly through the Board as a whole, as well as through various Board standing committees that address risks inherent in their respective areas of oversight. In particular, our Board is responsible for monitoring and assessing strategic risk exposure, including a determination of the nature and level of risk appropriate for the Company. Our audit committee has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The audit committee also monitors legal matters and compliance with legal and regulatory requirements regarding the Company's financial statements and accounting or other policies. Our nominating and corporate governance committee monitors the effectiveness of our corporate governance guidelines, including whether they are successful in preventing illegal or improper liability-creating conduct. Our compensation committee assesses and monitors whether any of our compensation policies and programs have the potential to encourage excessive risk-taking. It is the responsibility of the committee chairs to report findings regarding material risk exposures to the Board as quickly as possible. In addition, the Board meets with certain members of our executive team, including the heads of our business, compliance and regulatory functions, who discuss the risks and exposures involved in their respective areas of responsibility as well as any developments that could impact our risk profile or other aspects of our business.

#### **MEETINGS OF THE BOARD OF DIRECTORS**

The Board met seven times during the year ended December 31, 2014, including telephone conference meetings. All directors attended or participated in at least 75% of the aggregate number of meetings of the Board and of the committees on which they served during the portion of 2014 for which they were directors or committee members.

As required under applicable NASDAQ listing standards once we completed our initial public offering in November 2014, in the year ended December 31, 2014, the Company's independent directors met one time in regularly scheduled executive sessions at which only independent directors were present.

Below is a description of each committee of the Board.

The audit committee, compensation committee and nominating and corporate governance committee each have authority to engage legal counsel or other experts or consultants, as they deem appropriate to carry out their responsibilities. The Board has determined that each member of each committee meets the applicable NASDAQ rules and regulations regarding “independence” and that each member is free of any relationship that would impair his or her individual exercise of independent judgment with regard to the Company.

### Audit Committee

Our audit committee consists of Messrs. Riggs, Schoeneck and Stern and Dr. Kurkijärvi. Our board of directors has determined that Messrs. Riggs, Schoeneck and Stern and Dr. Kurkijärvi are independent under The NASDAQ Stock Market listing standards and Rule 10A-3(b)(1) of the Exchange Act. The chairperson of our audit committee is Mr. Riggs, whom our board of directors has determined is an “audit committee financial expert” within the meaning of the SEC regulations. Our board of directors has also determined that each member of our audit committee can read and understand fundamental financial statements in accordance with applicable requirements. In arriving at these determinations, the board of directors has examined each audit committee member’s scope of experience and the nature of their employment in the corporate finance sector. The functions of this committee include:

- selecting a qualified firm to serve as the independent registered public accounting firm to audit our financial statements and approving fees payable to such firm;
- helping to ensure the independence and performance of the independent registered public accounting firm;
- discussing the scope and results of the audit with the independent registered public accounting firm, and reviewing, with management and the independent accountants, our interim and year-end operating results;
- developing procedures for employees to submit concerns anonymously about questionable accounting or audit matters;
- reviewing our policies on risk assessment and risk management;

- reviewing related party transactions;
- obtaining and reviewing a report by the independent registered public accounting firm at least annually, that describes our internal quality-control procedures, any material issues with such procedures, and any steps taken to deal with such issues when required by applicable law; and
- approving (or, as permitted, pre-approving) all audit and all permissible non-audit services, other than de minimis non-audit services, to be performed by the independent registered public accounting firm.

The Board reviews the NASDAQ listing standards definition of independence for audit committee members on an annual basis. The audit committee met six times during the year ended December 31, 2014. The audit committee operates under a written charter that satisfies the applicable standards of the SEC and NASDAQ and which is available to stockholders on our website at <http://investor.fibrogen.com/phoenix.zhtml?c=253783&p=irol-govhighlights>; however, information found on our website is not incorporated by reference into this proxy statement.

#### **Report of the Audit Committee of the Board of Directors**

The audit committee has reviewed and discussed the audited financial statements for the year ended December 31, 2014 with management of the Company. The audit committee has discussed with the independent registered public accounting firm the matters required to be discussed under Auditing Standard No. 16, *Communications with Audit Committees*, as adopted by the Public Company Accounting Oversight Board (“PCAOB”). The audit committee has also received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent accountants’ communications with the audit committee concerning independence, and has discussed with the independent registered public accounting firm the accounting firm’s independence. Based on the foregoing, the audit committee has recommended to the Board that the audited financial statements be included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2014.

#### Audit Committee:

Mr. Rory B. Riggs, Chair  
Dr. Kalevi Kurkijärvi  
Mr. James A. Schoeneck  
Mr. Julian N. Stern

The material in this report is not “soliciting material,” is not deemed “filed” with the SEC and is not to be incorporated by reference in any filing of the Company under the Securities Act of 1933, as amended (the “Securities Act”), or the Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

#### **Compensation Committee**

Our compensation committee consists of Messrs. Schoeneck, Kearns and Stern and Drs. Rosenkranz and Routti. Our board of directors has determined that Messrs. Schoeneck, Kearns and Stern and Drs. Rosenkranz and Routti are independent under The NASDAQ Stock Market listing standards, each is a “non-employee director” as defined in Rule 16b-3 promulgated under the Exchange Act and each is an “outside director” as that term is defined in Section 162(m) of the Internal Revenue Code of 1986, as amended, or Section 162(m). The chair of our compensation committee is Mr. Schoeneck. The functions of this committee include:

- reviewing and approving, or recommending that our board of directors approve, the compensation of our executive officers;
- reviewing and recommending to our board of directors the compensation of our directors;
- reviewing and approving, or recommending that our board of directors approve, the terms of compensatory arrangements with our executive officers;

- administering our stock and equity incentive plans;
- selecting independent compensation consultants, approving fees payable to them, and assessing conflict of interest of compensation consultants;
- reviewing and approving, or recommending that our board of directors approve, incentive compensation and equity plans; and
- reviewing and establishing general policies relating to compensation and benefits of our employees and reviewing our overall compensation strategy.

In addition, once the Company ceases to be an “emerging growth company” as defined in the Jumpstart Our Business Startups Act of 2012, the compensation committee will review with management the Company’s Compensation Discussion and Analysis and consider whether to recommend that it be included in Proxy Statements and other filings.

The compensation committee met five times during the year ended December 31, 2014. The charter of the compensation committee is available to stockholders on our website at <http://investor.fibrogen.com/phoenix.zhtml?c=253783&p=irol-govhighlights>; however, information found on our website is not incorporated by reference into this proxy statement.

#### *Compensation Committee Processes and Procedures*

Typically, the compensation committee meets monthly. The agenda for each meeting is usually developed by the Chair of the compensation committee. The compensation committee meets regularly in executive session. However, from time to time, various members of management and other employees as well as outside advisors or consultants may be invited by the compensation committee to make presentations, to provide financial or other background information or advice or to otherwise participate in compensation committee meetings. The Chief Executive Officer may not participate in, or be present during, any deliberations or determinations of the compensation committee regarding his compensation. The charter of the compensation committee grants the compensation committee full access to all books, records, facilities and personnel of the Company. In addition, under the charter, the compensation committee has the authority to obtain, at the expense of the Company, advice and assistance from internal and external legal, accounting or other advisors and other external resources that the compensation committee considers necessary or appropriate in the performance of its duties. The compensation committee has direct responsibility for the oversight of the work of any advisors engaged for the purpose of advising the Committee. In particular, the compensation committee has the sole authority to retain compensation consultants to assist in its evaluation of executive and director compensation, including the authority to approve the consultant’s reasonable fees and other retention terms. Under the charter, the compensation committee may select, or receive advice from, a compensation consultant, legal counsel or other advisor to the compensation committee, other than in-house legal counsel and certain other types of advisors, only after taking into consideration the factors specified in NASDAQ Listing Rule 5605(d) (3) (D) or any successor provision, that bear upon the advisor’s independence; however, there is no requirement that any advisor be independent.

In 2014, after taking into consideration the factors prescribed by NASDAQ described above, the compensation committee engaged Frederic W. Cook & Co., Inc. (“F.W. Cook”) as compensation consultants. F.W. Cook is a well-known and respected management consulting firm that provides executive compensation advisory services to compensation committees and senior management of knowledge-based companies. In 2014, the compensation committee requested that F.W. Cook:

- evaluate the efficacy of the Company’s existing compensation strategy and practices in supporting and reinforcing the Company’s long-term strategic goals; and
- assist in refining the Company’s compensation strategy and in developing and implementing an executive compensation program to execute that strategy.

At the request of the compensation committee, F.W. Cook also conducted discussions with members of the compensation committee and senior management to learn more about the Company's business operations and strategy, key strategic goals, as well as the labor markets in which the Company competes. F.W. Cook provided market data and advice relating to executive compensation strategy, incentive design, mix, and timing. The compensation committee approved the final cash and equity compensation awards for the executives following review of the F.W. Cook materials.

The compensation committee is expected to make most of the significant adjustments to annual compensation, determine bonus and equity awards and establish new performance objectives at one or more meetings typically held during the first quarter of the year. However, the compensation committee also considers matters related to individual compensation, such as compensation for new executive hires, as well as high-level strategic issues, such as the efficacy of the Company's compensation strategy, potential modifications to that strategy and new trends, plans or approaches to compensation, at various meetings throughout the year. Generally, the compensation committee's process comprises two related elements: the determination of compensation levels and the establishment of performance objectives for the current year. For executives other than the Chief Executive Officer, the compensation committee solicits and considers evaluations and recommendations submitted to the compensation committee by the Chief Executive Officer. In the case of the Chief Executive Officer, the evaluation of his performance is conducted by the compensation committee, which recommends to the Board any adjustments to his compensation as well as awards to be granted. For all executives and directors as part of its deliberations, the compensation committee may review and consider, as appropriate, materials such as financial reports and projections, operational data, tax and accounting information, tally sheets that set forth the total compensation that may become payable to executives in various hypothetical scenarios, executive and director stock ownership information, company stock performance data, analyses of historical executive compensation levels and current Company-wide compensation levels and recommendations of the compensation committee's compensation consultant, including analyses of executive and director compensation paid at peer group companies.

Under its charter, the compensation committee may form, and delegate authority to, subcommittees as appropriate.

#### **Compensation Committee Interlocks and Insider Participation**

As noted above, the current members of our compensation committee are Messrs. Schoeneck, Kearns and Stern and Drs. Rosenkranz and Routti. None of the members of the compensation committee is currently or has been at any time during the last year one of our employees. None of our executive officers currently serves, or has served during the last year, as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of our board of directors or compensation committee.

#### **Nominating and Corporate Governance Committee**

Our nominating and corporate governance committee consists of Messrs. Kearns, Madero and Riggs and Drs. Rosenkranz and Tamura. Our board of directors has determined that Messrs. Kearns, Madero and Riggs and Drs. Rosenkranz and Tamura are independent under the current rules and regulations of the SEC and The NASDAQ Stock Market. The chair of our nominating and corporate governance committee is Mr. Kearns. The functions of this committee include:

- identifying, evaluating and selecting, or recommending that our board of directors approve, nominees for election to our board of directors and its committees;
- evaluating the performance of our board of directors and of individual directors;
- considering and making recommendations to our board of directors regarding the composition of our board of directors and its committees;

- reviewing developments in corporate governance practices;
- evaluating the adequacy of our corporate governance practices and reporting;
- reviewing management succession plans;
- developing and making recommendations to our board of directors regarding corporate governance guidelines and matters; and
- overseeing an annual evaluation of the board of directors' performance.

The nominating and corporate governance committee met one time during the year ended December 31, 2014. The charter of the nominating and corporate governance committee is available to stockholders on our website at <http://investor.fibrogen.com/phoenix.zhtml?c=253783&p=irol-govhighlights>; however, information found on our website is not incorporated by reference into this proxy statement.

The nominating and corporate governance committee believes that candidates for director should have certain minimum qualifications, including the ability to read and understand basic financial statements and having the highest personal integrity and ethics. The nominating and corporate governance committee also intends to consider such factors as possessing relevant expertise upon which to be able to offer advice and guidance to management, having sufficient time to devote to the affairs of the Company, demonstrated excellence in his or her field, having the ability to exercise sound business judgment and having the commitment to rigorously represent the long-term interests of the Company's stockholders. However, the nominating and corporate governance committee retains the right to modify these qualifications from time to time. Candidates for director nominees are reviewed in the context of the current composition of the Board, the operating requirements of the Company and the long-term interests of stockholders. In conducting this assessment, the nominating and corporate governance committee typically considers diversity, age, skills and such other factors as it deems appropriate given the current needs of the Board and the Company, to maintain a balance of knowledge, experience and capability. In the case of incumbent directors whose terms of office are set to expire, the nominating and corporate governance committee reviews these directors' overall service to the Company during their terms, including the number of meetings attended, level of participation, quality of performance and any other relationships and transactions that might impair the directors' independence. In the case of new director candidates, the nominating and corporate governance committee also determines whether the nominee is independent for NASDAQ purposes, which determination is based upon applicable NASDAQ listing standards, applicable SEC rules and regulations and the advice of counsel, if necessary. The nominating and corporate governance committee then uses its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. The nominating and corporate governance committee conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board. The nominating and corporate governance committee meets to discuss and consider the candidates' qualifications and then selects a nominee for recommendation to the Board by majority vote.

The nominating and corporate governance committee, to date, has not adopted a formal policy with regard to the consideration of director candidates recommended by stockholders and will consider director candidates recommended by stockholders on a case-by-case basis, as appropriate. The nominating and corporate governance committee does not intend to alter the manner in which it evaluates candidates, including the minimum criteria set forth above, based on whether or not the candidate was recommended by a stockholder. To date, the nominating and corporate governance committee has not received any such nominations nor has it rejected a director nominee from a stockholder or stockholders holding more than 5% of our voting stock. Stockholders who wish to recommend individuals for consideration by the nominating and corporate governance committee to become nominees for election to the Board may do so by delivering a written recommendation to the Company's Secretary at the following address: FibroGen, Inc., 409 Illinois Street, San Francisco, California 94158, not later than the close of business on Friday, March 4, 2016 nor earlier than the close of business on Thursday, February 4, 2016; *provided, however*, that if our 2016 Annual Meeting of Stockholders is held before May 4, 2016 or after July 3, 2016, then the proposal must be received not earlier than the close of business on the 120<sup>th</sup>

day prior to such meeting and not later than the close of business on the later of the 90<sup>th</sup> day prior to such meeting or the 10<sup>th</sup> day following the day on which public announcement of the date of such meeting is first made. Submissions must include the name, age, business address and residence address of such nominee, the principal occupation or employment of such nominee, the class and number of shares of each class of capital stock of the corporation which are owned of record and beneficially by such nominee, the date or dates on which such shares were acquired and the investment intent of such acquisition and such other information concerning such nominee as would be required to be disclosed in a proxy statement soliciting proxies for the election of such nominee as a director in an election contest (even if an election contest is not involved), or that is otherwise required to be disclosed pursuant to Section 14 of the Securities Exchange Act of 1934, as amended, and the rules and regulations thereunder. Any such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected.

#### **DIRECTOR COMPENSATION**

Our board of directors adopted a non-employee director compensation policy in connection with our initial public offering. The policy was amended on March 4, 2015. Pursuant to this policy, our non-employee directors are paid annual cash compensation of \$35,000. In addition, non-employee directors are paid \$10,000 annually for serving on the audit committee (\$20,000 annually for the chairman), \$7,500 annually for serving on the compensation committee (\$15,000 annually for the chairman), and \$5,000 annually for serving on the nominating and governance committee (\$10,000 annually for the chairman). Non-employee directors are reimbursed for their reasonable out-of-pocket expenses to cover attendance at and participation in meetings of our board of directors.

Our non-employee directors are granted initial and/or annual option grants under our 2014 Equity Incentive Plan, or the 2014 Plan. Newly appointed or newly elected directors will be granted an option to purchase 12,000 shares of our common stock. The initial option grant will vest in equal quarterly installments over three years from the date of grant, subject to the non-employee director's continuous service on each applicable vesting date. On the date of each annual meeting of our stockholders, each individual who is elected or appointed as a non-employee director and each other non-employee director who continues to serve as a non-employee director immediately after such annual meeting of our stockholders will be granted an option to purchase 12,000 shares of our common stock; *provided*, that if the individual is elected or appointed to the board at a time other than at our annual meeting of stockholders, the number of shares of our common stock subject to such annual grant will be pro-rated based on the number of days between the date of such director's election or appointment and the first anniversary of the most recent annual stockholder meeting to occur prior to such director's election or appointment to our board. The annual option grant will vest in equal quarterly installments over one year

following the vesting commencement date, subject to the non-employee director's continuous service on each applicable vesting date. All options granted under our director compensation policy will be granted with an exercise price equal to the fair market value of our common stock on the grant date. The vesting of all options will cease upon a non-employee director's resignation from the board or other cessation of service, unless our board determines otherwise. All unvested options will vest in full immediately prior to a change in control (as defined in the 2014 Plan), subject to the non-employee director's continuous service as of the day prior to the closing of such change in control.

The following table sets forth information regarding non-cash compensation earned by or paid to our non-employee directors during 2014:

## PROPOSAL 2

### RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee of the Board has selected PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the year ending December 31, 2015 and has further directed that management submit the selection of the independent registered public accounting firm for ratification by the stockholders at the Annual Meeting. PricewaterhouseCoopers LLP has audited the Company's financial statements since 2000. Representatives of PricewaterhouseCoopers LLP are expected to be present at the 2015 Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither the Company's Bylaws nor other governing documents or law require stockholder ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm. However, the audit committee of the Board is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the audit committee of the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the audit committee of the Board in its discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote on the matter at the Annual Meeting will be required to ratify the selection of PricewaterhouseCoopers LLP. Abstentions will be counted toward the tabulation of votes on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

### PRINCIPAL ACCOUNTANT FEES AND SERVICES

The following table represents aggregate fees of PricewaterhouseCoopers LLP, our independent registered public accounting firm for fiscal years ended December 31, 2014 and December 31, 2013.

<b>Total Fees</b>	<b>\$2,190</b>	<b>\$936</b>

- (1) Audit Fees consist of professional services rendered in connection with the audit of our annual consolidated financial statements, including audited financial statements presented in our Annual Report on Form 10-K and services that are normally provided by the independent registered public accounting firm in connection with statutory and regulatory filings or engagements for those fiscal years. Fees for fiscal 2014 also consisted of professional services rendered in connection with our Registration Statement on Form S-1 related to the initial public offering of our common stock completed in November 2014.
- (2) Includes an annual subscription to a technical accounting database.

### PRE-APPROVAL POLICIES AND PROCEDURES

In accordance with the audit committee charter, the audit committee's policy is to pre-approve all audit and non-audit services provided by the independent registered public accounting firm, including the estimated fees and other terms of any such engagement. These services may include audit services, audit-related services, tax

services and other services. Any pre-approval is detailed as to the particular service or category of services. The audit committee may elect to delegate pre-approval authority to one or more designated audit committee members in accordance with its charter. The audit committee pre-approved all services provided by our independent registered public accounting firm for the fiscal years ended December 31, 2014 and 2013.

The audit committee considers whether such audit or non-audit services are consistent with the SEC's rules on auditor independence. The audit committee has determined that the provision of the services noted above is compatible with maintaining PricewaterhouseCoopers LLP's independence.

## Potential Payments and Acceleration of Equity upon Termination or in Connection with a Change in Control

The section below describes the payments and benefits that we would have made to our NEOs in connection with certain terminations of employment or certain corporate transactions like a change in control, if such events had occurred on December 31, 2014.

The form of option agreement under our Amended and Restated 2005 Stock Plan, or the 2005 Plan, provides that in the event an option holder is terminated by us without cause (as defined below) following a change in control (as defined below) or if the option holder incurs a constructive termination (as defined below) within 12 months following a change in control, any outstanding unvested options will accelerate in full as of the date of any such termination. Accordingly, if any of our named executive officers incurred a qualifying termination of employment following a change in control on December 31, 2014, all outstanding unvested options granted to them under our 2005 Plan would accelerate in full as of December 31, 2014, and such options would remain exercisable for the applicable post-termination exercise period set forth in their option grant documents.

For purposes of the standard form of option agreement under the 2005 Plan, “cause” generally means (1) a commission of a felony related to us or our business or any crime involving fraud or moral turpitude; (2) the attempted commission of, or participation in, a fraud against us; (3) the unauthorized use or disclosure of our confidential information or trade secrets; or (4) the participant’s willful failure to substantially perform his or her duties and responsibilities owed to us. For purposes of the standard form of option agreement under the 2005 Plan, “constructive termination” generally means (1) a substantial reduction in the participant’s duties or responsibilities in effect immediately prior to the effective time of a change in control; (2) a material reduction in a participant’s annual base salary as in effect on the closing date of the change in control or as increased thereafter; (3) any failure by us to continue in effect any benefit plan or program in which the participant was participating immediately prior to the effective time of a change in control or the taking of any action by us that would adversely affect a participant’s participation in or reduce benefits under any such plans or programs (provided, that a constructive termination will not be deemed to have occurred if we provide for the participation in benefit plans and programs that, taken as a whole, are comparable to those that were provided immediately prior to the change in control); (4) a relocation of the participant’s business office to a location more than 50 miles from the location at which the participant performed his or her duties as of the effective time of the change in control; or (5) a material breach by us of any provision of any material agreement between the participant and us concerning the terms and conditions of the participant’s employment.

The change in control form of option grant notice and agreement under the 2014 Plan provides that in the event of a change in control (as defined in the 2014 Plan), (1) if at the time of the change in control, a participant’s outstanding option is assumed, continued or otherwise substituted in the change in control transaction and the participant’s employment is involuntarily terminated by us or our successor corporation without cause or due to a constructive termination within twelve (12) months following the closing of such change in control transaction, the vesting and exercisability of the unvested portion of the participant’s option will accelerate in full on the date of such termination, and/or (2) if a participant’s outstanding option is not assumed, continued or otherwise substituted in the change in control transaction, the unvested portion of the participant’s option will vest and become exercisable as of immediately prior to the closing of the change in control transaction.

On October 21, 2014, our compensation committee approved a form of change in control severance agreement, or the Change in Control Severance Agreement. Each of our executive officers, including each of our named executive officers, entered into a Change in Control Severance Agreement on November 13, 2014.

Under the terms of the Change in Control Severance Agreement, if an executive’s employment is terminated by us without cause and other than due to death or disability or the executive resigns for good reason, in either case, in connection with or within eighteen (18) months following the effective date of a change in control (as defined in the Change in Control Severance Agreement), subject to the executive’s timely execution (and

non-revocation) of a release of claims within sixty (60) days following the date of such termination, the executive will be entitled to the following severance benefits: (1) cash severance equal to either twelve (12), eighteen (18) or twenty-four (24) months of the executive's base salary then in effect (with the applicable multiplier, that is, twelve, eighteen or twenty-four, varying depending on the executive), payable in either a lump sum or over the twelve (12), eighteen (18) or twenty-four (24) month period, as applicable, following the date of termination (with the applicable multiplier varying depending on the executive), with such payment to be made (or to commence, as applicable) within five (5) days following the date on which the release becomes effective; (2) subject to the executive's timely election of continuation coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended, or another state law equivalent (COBRA), payment by us of COBRA premiums for the executive and his or her eligible dependents for a period of up to eighteen (18) months following the date of the executive's termination; and (3) all outstanding stock options held by the executive will become fully vested and exercisable as of immediately prior to the date of executive's termination of employment. With respect to the cash severance benefits payable to our named executive officers under the Change in Control Severance Agreements, the applicable severance multiplier is 24 for Thomas Neff, and 18 for each of Frank Valone and K. Peony Yu, respectively, and the cash severance will be paid in installments over the applicable 24 month or 18 month severance period for each of our named executive officers. Notwithstanding the foregoing, to the extent that an executive would be entitled to a greater level of severance benefits under the terms and conditions of a severance plan or policy provided by us or our successor to other FibroGen, Inc. employees being terminated in connection with or within twelve (12) months following a change in control but for the existence of the Change in Control Severance Agreement, the executive will be entitled to receive the greater of the severance benefits provided under such plan or policy or the severance benefits provided under the Change in Control Severance Agreement.

In addition, to the extent that any payment or benefit that an executive would receive under the Change in Control Agreement or otherwise would constitute a "parachute payment" within the meaning of Section 280G of the Internal Revenue Code and such payments or benefits would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, then such payments or benefits will either be (1) provided to the executive in full, or (2) reduced to such lesser amount that would result in no portion of such payments or benefits being subject to the excise tax, whichever amount after taking into account all applicable taxes, including the excise tax, would result in the executive's receipt, on an after-tax basis, of the greatest amount of such payments or benefits.

For purposes of the Change in Control Severance Agreement, "cause" for termination of an executive's employment will exist if an executive is terminated for any of the following reasons: (1) the executive's willful failure substantially to perform his or her duties and responsibilities to us or a deliberate violation of our policies; (2) the executive's commission of any act of fraud, embezzlement, dishonesty or any other willful misconduct that has caused or is reasonably expected to result in material injury to us; (3) unauthorized use or disclosure by the executive of any of our proprietary information or trade secrets of or any other party to whom executive owes an obligation of nondisclosure as a result of his or her relationship with us; or (4) the executive's willful breach of any of his or her obligations under any written agreement or covenant with us. For purposes of the Change in Control Severance Agreement, "good reason" generally means the existence of any of the following conditions without the executive's written consent: (1) a material reduction in job duties or responsibilities inconsistent with the executive's position with us (provided, that any such reduction or change after a change in control will not constitute good reason if the executive retains reasonably comparable duties and responsibilities with respect to our business within the successor entity following a change in control); (2) a reduction of the executive's then current base salary; (3) the relocation of the executive's principal place of employment to a place that increases the executive's one-way commute by more than forty (40) miles as compared to the executive's principal place of employment prior to such relocation; (4) any material breach by us of the Change in Control Severance Agreement or any other written agreement between us and the executive; or (5) the failure by any successor to us to assume the Change in Control Severance Agreement and any obligations thereunder. In order to resign for good reason, the executive must give written notice to us of the event forming the basis of the termination for good reason within sixty (60) days after the date on which we give written notice to the executive of our decision

to take any action set forth above, we must fail to cure such condition within thirty (30) days after receipt of the executive's written notice and the executive must terminate his or her employment within thirty (30) days following the expiration of the cure period.

### **Offer Letter Agreements**

#### ***Frank H. Valone***

We entered into an offer letter agreement with Dr. Valone, our Chief Medical Officer, in November 2008. The offer letter has no specific term and constitutes an at-will employment arrangement. Dr. Valone's annual base salary as of December 31, 2014 and 2013 was \$443,480 and \$428,480, respectively. In connection with his employment, Dr. Valone was granted an initial option to purchase 80,000 shares of our common stock, pursuant to the terms of our Amended and Restated 2005 Stock Plan (described below). Dr. Valone has exercised part of the option to purchase 24,000 shares of our common stock and the remainder of the option is fully vested and exercisable.

#### ***K. Peony Yu***

We entered into an offer letter agreement with Dr. Yu, our Vice President, Clinical Development, in November 2008. The offer letter has no specific term and constitutes an at-will employment arrangement. Dr. Yu's annual base salary as of December 31, 2014 and 2013 was \$428,655 and \$400,610, respectively. In connection with her employment, Dr. Yu was granted an initial option to purchase 70,000 shares of our common stock, pursuant to the terms of our Amended and Restated 2005 Stock Plan. Dr. Yu has exercised the option to purchase 70,000 shares of our common stock.

### **401(k) Plan**

We maintain a tax-qualified retirement plan that provides eligible U.S. employees with an opportunity to save for retirement on a tax advantaged basis. Eligible employees may defer eligible compensation subject to applicable annual Internal Revenue Code limits. The 401(k) plan permits participants to make both pre-tax and certain after-tax (Roth) deferral contributions. These contributions are allocated to each participant's individual account and are then invested in selected investment alternatives according to the participant's directions. Employees are immediately and fully vested in their contributions. Commencing in 2014, active contributing participants in the 401(k) plan are eligible to receive employer matching contributions of up to 2%, 4% or 6% of salary, depending upon a participant's number of years of service. Employer matching contributions are subject to applicable annual Internal Revenue Code limits and are fully vested when made. The 401(k) plan is intended to be qualified under Section 401(a) of the Internal Revenue Code with the 401(k) plan's related trust intended to be tax exempt under Section 501(a) of the Internal Revenue Code.

### **Non-Equity Incentive Plan Compensation**

Non-equity incentive plan compensation consists of cash bonuses paid to our NEOs based on the achievement of performance goals for the applicable calendar year. Whether a NEO earns his or her target bonus, or any portion thereof, is determined by the compensation committee, in its sole discretion, based upon its assessment of performance against the performance goals for the applicable calendar year. These cash bonuses are generally paid within the first quarter of the calendar year based on the prior year's performance.

### **Limitation on Liability and Indemnification Matters**

Our amended and restated certificate of incorporation contains provisions limiting the liability of directors, and our amended and restated bylaws provide that we will indemnify each of our directors and officers to the fullest extent permitted under Delaware law. Our amended and restated certificate of incorporation and amended and restated bylaws also provide our board of directors with discretion to indemnify our employees and other agents when determined appropriate by our board of directors. In addition, we have entered into an indemnification agreement with each of our directors and our executive officers that may require the Company to indemnify its directors and officers against liabilities that may arise by reason of their status or service as

directors or officers to the extent permissible under applicable law. However, Delaware law prohibits our amended and restated certificate of incorporation from limiting the liability of our directors for the following:

- any breach of the director's duty of loyalty to us or to our stockholders;
- acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law;
- unlawful payment of dividends or unlawful stock repurchases or redemptions; and
- any transaction from which the director derived an improper personal benefit.

If Delaware law is amended to authorize corporate action further eliminating or limiting the personal liability of a director, then the liability of our directors will be eliminated or limited to the fullest extent permitted by Delaware law, as so amended.

Our amended and restated certificate of incorporation does not eliminate a director's duty of care and, in appropriate circumstances, equitable remedies, such as injunctive or other forms of non-monetary relief, remain available under Delaware law. This provision also does not affect a director's responsibilities under any other laws, such as the federal securities laws or other state or federal laws. Under our amended and restated bylaws, we will also be empowered to enter into indemnification agreements with our directors, officers, employees and other agents and to purchase insurance on behalf of any person whom we are required or permitted to indemnify.

In addition to the indemnification required in our amended and restated certificate of incorporation and amended and restated bylaws, we have entered into indemnification agreements with each of our current directors and officers. These agreements provide for the indemnification of such persons for all reasonable expenses and liabilities incurred in connection with any action or proceeding brought against them by reason of the fact that they are or were serving in such capacity. We believe that these bylaw provisions and indemnification agreements are necessary to attract and retain qualified persons as directors, officers and employees. Furthermore, we have obtained director and officer liability insurance to cover liabilities our directors and officers may incur in connection with their services to us.

The limitation of liability and indemnification provisions in our amended and restated certificate of incorporation and amended and restated bylaws may discourage stockholders from bringing a lawsuit against directors for breach of their fiduciary duties. They may also reduce the likelihood of derivative litigation against directors and officers, even though an action, if successful, might benefit us and our stockholders. A stockholder's investment may be harmed to the extent we pay the costs of settlement and damage awards against directors and officers pursuant to these indemnification provisions. Insofar as indemnification of our directors, officers and controlling persons for liabilities arising under the Securities Act may be permitted pursuant to the foregoing provisions, or otherwise, we have been advised that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act, and is, therefore, unenforceable. There is no pending litigation or proceeding naming any of our directors or officers as to which indemnification is being sought, nor are we aware of any pending or threatened litigation that may result in claims for indemnification by any director or officer.

#### **Rule 10b5-1 Sales Plans**

From time to time, our executive officers and directors may be parties to individual Rule 10b5-1 trading plans pursuant to which shares of our common stock will be sold for their account from time to time in accordance with the provisions of the plans without any further action or involvement by the officers. Under a Rule 10b5-1 plan, a broker executes trades pursuant to parameters established by the director or officer when entering into the plan, without further direction from them. The director or officer may amend a Rule 10b5-1 plan in some circumstances and may terminate a plan at any time. Our directors and executive officers also may buy or sell additional shares outside of a Rule 10b5-1 plan when they are not in possession of material nonpublic information subject to compliance with the terms of our insider trading policy.

## SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information with respect to the beneficial ownership of our common stock as of February 28, 2015 for:

- each of our named executive officers;
- each of our directors and nominees for director;
- all of our directors and executive officers as a group; and
- each person, or group of affiliated persons, known by us to beneficially own more than 5% of our common stock.

Beneficial ownership is determined in accordance with the rules of the SEC and generally includes any shares over which a person exercises sole or shared voting or investment power. Shares of common stock issuable under options or warrants that are exercisable within 60 days after February 28, 2015 are deemed beneficially owned and such shares are used in computing the percentage ownership of the person holding the options or warrants, but are not deemed outstanding for the purpose of computing the percentage ownership of any other person. The information contained in the following table is not necessarily indicative of beneficial ownership for any other purpose, and the inclusion of any shares in the table does not constitute an admission of beneficial ownership of those shares.

Unless otherwise indicated below, to our knowledge, all persons named in the table have sole voting and dispositive power with respect to their shares of common stock, except to the extent authority is shared by spouses under community property laws.

Our calculation of the percentage of beneficial ownerships is based on 59,137,591 shares of common stock outstanding as of February 28, 2015, adjusted as required by rules promulgated by the SEC.

This table is based upon information supplied by officers, directors and principal stockholders and Schedules 13D and 13G, if any, filed with the SEC, which information may not be accurate as of February 28, 2015. ## SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act requires our directors and executive officers, and persons who own more than ten percent of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and other equity securities. Our executive officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, during fiscal 2014 our executive officers, directors and greater than ten percent beneficial owners complied with all Section 16(a) filing requirements applicable to each of them, except that, in connection with the conversion of certain shares of our subsidiary, FibroGen Europe Oy, into shares of our common stock as part of our initial public offering, Thomas B. Neff (affiliated with BioGrowth Partners, LP) and Jorma Routti inadvertently omitted as part of their November 2014 filings on Form 4 to report such conversion of FibroGen Europe Oy shares for 770 common stock shares and 39,840 common stock shares of the Company, respectively.

## TRANSACTIONS WITH RELATED PERSONS

Under its charter, our audit committee is charged with reviewing and approving or disapproving all related-person transactions, including transactions with more than 5% stockholders of the Company, as required by the NASDAQ rules. In considering related-person transactions, the audit committee takes into account the relevant available facts and circumstances. In the event a director has an interest in the proposed transaction, the director must recuse himself or herself from the deliberations and approval.

## HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for Annual Meeting materials with respect to two or more stockholders sharing the same address by delivering a single set of Annual Meeting materials addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are Company stockholders will be “householding” the Company’s proxy materials. A single set of Annual Meeting materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate set of Annual Meeting materials, please notify your broker or FibroGen. Direct your written request to: Investor Relations, FibroGen, Inc., 409 Illinois Street, San Francisco CA, 94158 or contact Investor Relations at 415-978-1200. Stockholders who currently receive multiple copies of the Annual Meeting materials at their addresses and would like to request “householding” of their communications should contact their brokers. In addition, FibroGen will promptly deliver, upon written or oral request to the address or telephone number above, a separate copy of the annual report on Form 10-K and proxy statement to a stockholder at a shared address to which a single copy of the documents was delivered.

**OTHER MATTERS**

The Board knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.
